THE PROJECT

This project was based on an old house requiring a complete upgrade for the new owners. Over the course of three weeks, the house was transformed from looking tired and worn to being a home that was bright, fresh and contemporary, exactly what the client was dreaming of.

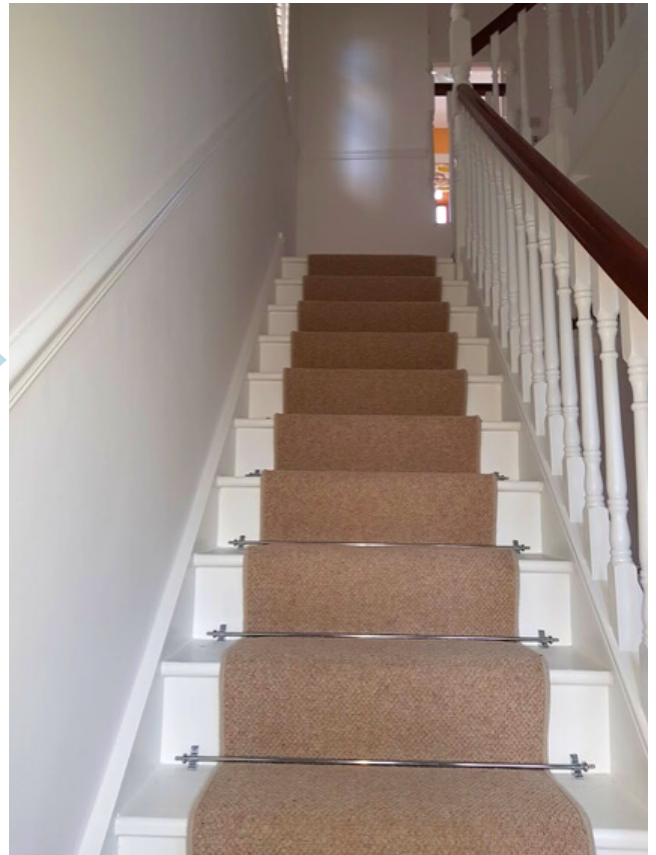

THE WORK

Kentra Apartment Specialists project managed this renovation from start to finish. The work they organised and completed included wallpaper removal, wall repairs, painting of walls, ceilings and woodwork, tiling, carpet removal and disposal, hard wood flooring, new carpet installation and electric and plumbing works.

THE CHANGE

Take a look at some before & after pictures. The transformation is exceptional.
